### **2011 Annual Giving Announcement**

Dear Parents and Guardians,

It is with sincere and genuine appreciation that we thank you for all the support and understanding you have given to Keio Academy of New York throughout the year. With regard to our fund raising efforts through the “The 2011 off the Pacific coast of Tohoku Earthquake Relief Fund”, our school has raised over \$51,282 as of end of April. Again, we deeply appreciate the cooperation you have provided to us in this endeavor.

Over the course of four days in February, the school underwent its 10 year evaluation process by New York State Association of Independent Schools (NYS AIS). Immediately after the review, we received preliminary feedback praising the school’s progress over the past 20 years. The feedback stated that within twenty short years “Keio Academy of New York has managed to become an institution on par with other elite institutions.”

We will continue this pursuit of excellence based on our educational philosophy and NYS AIS’ official review as our guidance. However, at the same time, tremendous financial recourses are required so as to realize many of our educational goals. Our location in Westchester County New York is known to have one of the highest costs of living in the nation, and therefore operating and maintaining such a boarding school is a very costly proposition.

Despite facing these difficult financial circumstances, we do realize that it is our duty to not only to maintain but also to improve the educational quality at Keio Academy of New York. Regrettably, twenty very successful years have taken its toll on our facilities. Not only does our institution need to update the facilities to meet new technological and educational challenges, but we would like to install audio visual equipment in all of our class rooms. Additionally, we would like to install new flooring and bigger student lockers in the class room building, as well as other school improvement projects. In order to successfully address these challenges and to make significant improvements in our educational environment, we would like to sincerely request understanding and support from the parents and guardians of the student body. Your consideration and generosity is greatly appreciated.

With warm regards,

Sumio Sakomura, Headmaster  
Keio Academy of New York
